

## 5-hour ENERGY™ Shots Now Available in Seven Flavors!

Have a lot to do and can't afford a letdown? Try 5-hour ENERGY™. It keeps you going strong for hours and helps you power through your day without adding on extra calories or making you feel full. It's packed with **b-vitamins** for energy and **amino acids** for alertness and focus and contains **zero sugar, only four calories** and **as much caffeine as a cup of the leading premium coffee**.

The **original formula** is available in **five flavors: Berry, Orange, Grape, Pomegranate, and Lemon-lime**.

5-hour ENERGY™ also offers an **extra strength** formula for those wanting an even bigger boost with **as much caffeine as 12 ounces of premium coffee** in the original **Berry** flavor and now in a **new Grape flavor!**

A **decaf Citrus** formula is also available for those wanting a gentler boost with **only as much caffeine as a half cup of decaffeinated coffee** and **no Niacin**.

5-hour ENERGY™ **two-ounce energy shot** takes just seconds to drink and in minutes you're feeling bright and alert.....**and ready to go that extra mile!**
